

Math 131 Three Week Survey

This is an anonymous survey. Do not put your name on it. Please answer the questions to help me better the class. You can skip questions 1 and 2 if nothing has changed since the first survey, but feel free to answer those questions again if you'd like.

1.) How would you rate **your performance** so far in this class, as far as the following are concerned? Rate yourself on this scale. Feel free to include comments.

5 – Completely engaged

3 – Somewhat engaged

1 – Not engaged at all

a.) Participation in classroom discussions:

b.) Homework completion:

c.) Attention to classroom discussions (regardless if you participate verbally):

d.) Discussions among students about the class, not necessarily math related:

2.) How would you rate **my performance** so far in this class, as far as the following are concerned? Rate me on this scale. Feel free to include comments.

5 – You are **completely satisfied** with my performance.

3 – You are **somewhat satisfied** with my performance.

1 – You are **not at all satisfied** with my performance.

a.) Engaging the students in the discussions:

b.) Getting students to think about the math problems:

c.) Motivating you to do the hard math on your own:

d.) Open-ness to questions and alternative ideas from students:

3.) Is there anything you wish I had asked on this survey? Please be specific.

4.) How can I make this class better for you? Please be specific.
