

## **Math/Science Resource Center**

Do not let math and science intimidate you! At the Math/Science Resource Center, we will guide you to an understanding of math and science concepts by breaking down the steps of problems and helping you learn the right ways to study. Please keep in mind that we cannot help you with credited work (homework, quizzes, tests, etc.) as doing so constitutes academic dishonesty. Our goal is to guide you to an understanding of the concepts taught in class so that you can successfully complete all graded materials on your own.

**Classes:** MATH 111-152, MATH 235, CHEM 130 and 131, BIOL 130 and 131, PHSC 131, PHYS 125 and higher

**Location:** Godfrey Campus | Commons 233 in the McPike Math and Science Complex

**In-person Tutoring:** Monday - Thursday from 8 a.m. - 4:30 p.m.

**Online Tutoring:** Online tutoring is available Monday - Friday from 8 a.m. - 4:30 p.m. Visit [www.lc.edu/mrc](http://www.lc.edu/mrc) to start a drop-in session (no appointment needed). You can also email [bkribs@lc.edu](mailto:bkribs@lc.edu) or call 618-468-4118 to schedule an appointment.

We do take students on a walk-in basis, but appointments will have priority. We have textbooks to use in-house and calculators you can borrow for the day. We have computers and plenty of space to just come and study. Then you are in the perfect place when questions come up! Their location, CM 233, is also right down the hall from my office which is CM 217.
