

## **STEM Resource Center**

In our STEM Resource Center, we help enhance the academic experience for degree-seekers in science, technology, engineering and math. Whether you need one-on-one assistance or wish to work in a group setting, we are here to assist you in reaching your goals.

**Classes:** MATH 165, 171, 172, 271 and 272; CHEM 121, 132, 141 and 261; PHSC 141; PHYS 125, 130, 142 and 241

**Location:** Godfrey Campus | MA 301

**Hours:** During semesters, Monday - Friday from 8 a.m. - 3:00 p.m.

**Appointments:** Call (618) 468-4118 to schedule your appointment. We also take students on a walk-in basis, but appointments will have priority.

They have textbooks to use in-house. They have computers and plenty of space to just come and study. Then you are in the perfect place when questions come up! You can drop by their other location (CM 233) to borrow a calculator for the day. STEM's location, MA 301, is also up a floor and right down the hall from my office which is CM 217.
